

Sepsis Awareness Month Sample Social Media Posts

September is Sepsis Awareness Month and Sepsis Alliance invites you to join us in raising awareness and educating others about sepsis, a life-threatening response to infection.

Below we've created some sample social media posts and images to help you spread the word and raise sepsis awareness. While these posts are intended for Facebook and Twitter, they can be repurposed for Instagram or LinkedIn. Please feel free to customize the below posts to incorporate your awareness efforts.

You can also update your cover photo to show support of Sepsis Awareness Month. [Download and save cover photo options here.](#)

Please add to the social conversation by using these hashtags throughout September:
